7. Boomerang Transport, LLC has instituted a gas bonus plan due to the increase in the price of gas . We have taken an average over the period from April 2010- March 2011 from http://www.eia.gov/dnav/pet/hist/LeafHandler.ashx?n=PET&s=EMM_EPMR_PTE_NUS_DPG&f=W and the average price is \$2.84. Going forward we will be paying a bi-weekly gas bonus that will pay you the difference between \$2.84 and the current average. The current is based on the latest version of http://www.eia.doe.gov/oog/info/twip/twip_gasoline.html#prices. To complete this calculation we will assume a gas efficiency of 20 miles per gallon for every vehicle.

Here is an example:

$$\begin{array}{l} \text{Loaded Miles } 500 \\ \text{Gas efficiency } 20 \text{ miles per gallon} \\ \text{Total gallons of gas } - 25 \\ \text{Current price } - \$3.38 \text{ per gallon} \\ \text{Bonus Differential } - \$.54 \text{ per gallon} \\ \text{Bonus Calculation} = \text{Total gallons of gas} \times \text{Bonus Differential} \\ \$13.50 \quad = \quad 25 \quad \times \quad \$.54 \end{array}$$

8. Failure to show up on time can result in the following pay deductions- Showing up late for a pick up time can result in a \$10.00 pay deduction. Showing up excessively late or not showing up at all causing a missed ride can result in a pay deduction for the full cost of the ride.

Article 1

1. Contractor is to check the Google calendar at the beginning of each day to confirm any changes to the rides. It is possible to set it up to send you a daily summary as shown in the training videos.
2. Contractor is to text in their progress to the system as they go through their trip. There are 2 correspondence phone numbers:

Boomerang Machine- 704-869-2666

Boomerang Person- 704-266-6061

Unless you have a question you want to ask a human being, **you will only use the Boomerang Machine number to send in your text updates.** The machine has time sensitivities that it will expect each text message in by. Be sure to send in your text messages timely to avoid any penalties! (we do not want to issue penalties, so please don't put us in that position)

Each ride will have a unique code generated. The formula for that code is the first 3 letters of your first name (as listed on the manifest) followed by the first 3 letters of the passengers first name. **Spaces in first or last names (less than 3 characters) will be replaced by q's.** Always refer to the text code provided on your calendar event. The system is not case sensitive.

Ex. JP Carlin drives Sandra Bullock. Text code- jpqsan

Ex. Sandra Bullock drives JP Carlin. Text code- sanjq

Ex. Wes Turner drives Reese Witherspoon. Text code- wesree

After your text code you will put the number that corresponds with the trip update. There are a few acceptable formats.

If Wes Turner drives Reese Witherspoon he could text:

- wesree-1 (CODE-1, a dash between the code and the number)
- wesree1 (CODE1, no space between the code and the number)
- wesree 1 (CODE 1, a space between the code and the number)
- It will not accept any other formats, watch out for auto correct

Below you will find the outline for a standard 2 leg trip, using CODE for text code. Then will be a 1 leg trip example, then a 3 leg trip. Since the bulk of your rides will likely be standard 2 leg trips, here is that example first. You will only need to text the CODE-#, not the wording afterwards (which is just to clarify each step for this training)

CODE-1: LEAVING DRIVER'S HOUSE FOR PICK UP (*MUST BE SENT AT

LEAST 1 HOUR BEFORE PICKUP TIME- VERY IMPORTANT SO WE KNOW YOU HAVE STARTED*)

CODE-2: ARRIVED AT PICK UP LOCATION

NOTE- Here the system will ask you if you have an additional passenger that is requesting to ride that is not already authorized on the manifest. Reply CODE-Y for yes or CODE-N for no. If there is not an additional passenger request you can respond CODE-N and continue on your trip. If there is and you respond CODE-Y, then you will need to sit tight while we try to get authorization. You will receive a text message shortly after to let you know whether the additional passenger is approved or not, at which point you can proceed either with or without the additional passenger. If you get antsy, you can always text or call the Boomerang Person line.

CODE-3: PICKED UP CLIENT, LEAVING FOR DESTINATION IS IMMINENT

CODE-4: CLIENT DROPPED OFF AT LOCATION

NOTE- If the appointment goes longer than one hour, the system will ask you if you need more time. You will respond CODE-TIME. You will continue to do this every 30 minutes until the passenger comes out of the appointment.

CODE-5: CLIENT PICK UP FOR FINAL LEG

CODE-X: CLIENT DROPPED OFF SAFELY AND TRIP COMPLETE

Below you will find the outline for a standard 1 leg trip, using CODE for text code:

CODE-1: LEAVING DRIVER'S HOUSE FOR PICK UP (*MUST BE SENT AT LEAST 1 HOUR BEFORE PICKUP TIME- VERY IMPORTANT SO WE KNOW YOU HAVE STARTED*)

CODE-2: ARRIVED AT PICK UP LOCATION

NOTE- Here the system will ask you if you have an additional passenger that is requesting to ride that is not already authorized on the manifest. Reply CODE-Y for yes or CODE-N for no. If there is not an additional passenger request you can respond CODE-N and continue on your trip. If there is and you respond CODE-Y, then you will need to sit tight while we try to get authorization. You will receive a text message shortly after to let you know whether the additional passenger is approved or not, at which point you can proceed either with or without the additional passenger. If you get antsy, you can always text or call the Boomerang Person line.

CODE-3: PICKED UP CLIENT, LEAVING FOR DESTINATION IS IMMINENT

CODE-X: CLIENT DROPPED OFF AT LOCATION

If you are on a trip that has more than 2 legs, continue counting the numbers up in sequence, and it will work out to 2 numbers for each leg. Ex. Taking the passenger from the first appointment to the second would be CODE-6, from the second appointment home would be CODE-7, then dropping off at home (trip complete) would be CODE-X. A 4 leg trip would add CODE-8 and CODE-9 before CODE-X.

3 leg trip example:

CODE-1: LEAVING DRIVER'S HOUSE FOR PICK UP (*MUST BE SENT AT LEAST 1 HOUR BEFORE PICKUP TIME- VERY IMPORTANT SO WE KNOW YOU HAVE STARTED*)

CODE-2: ARRIVED AT PICK UP LOCATION

NOTE- Here the system will ask you if you have an additional passenger that is requesting to ride that is not already authorized on the manifest. Reply CODE-Y for yes or CODE-N for no. If there is not an additional passenger request you can respond CODE-N and continue on your trip. If there is and you respond CODE-Y, then you will need to sit tight while we try to get authorization. You will receive a text message shortly after to let you know whether the additional passenger is approved or not, at which point you can proceed either with or without the additional passenger. If you get antsy, you can always text or call the Boomerang Person line.

CODE-3: PICKED UP CLIENT, LEAVING FOR DESTINATION IS IMMINENT

CODE-4: CLIENT DROPPED OFF AT LOCATION

NOTE- If the appointment goes longer than one hour, the system will ask you if you need more time. You will respond CODE-TIME. You will continue to do this every 30 minutes until the passenger comes out of the appointment.

CODE-5: CLIENT PICK UP FOR NEXT LEG

CODE-6: CLIENT DROPPED OFF AT LOCATION

NOTE- If the appointment goes longer than one hour, the system will ask you if you need more time. You will respond CODE-TIME. You will continue to do this every 30 minutes until the passenger comes out of the appointment.

CODE-7: CLIENT PICK UP FOR NEXT LEG

CODE-X: CLIENT DROPPED OFF SAFELY AND TRIP COMPLETE

*****Please note that your wait time pay is based on the timing of these text messages so be sure they are highly accurate. If you make a mistake in the timing, please correspond with a coordinator using the Boomerang Person line (704-266-6061). Drivers are no longer to text in a statement of their wait time*****

3. Each patient should be given a business card with Boomerang's number (704-266-6061) and the number of the driver doing the next leg of the trip.
4. If a major decision needs to be made (i.e. making a second stop) a call must be made to the Coordinator for consultation. All changes to the calendar destinations must be approved. If no one is available, stick to the protocol listed in the manifest.
5. Late arrivals, no shows or missed appointments should be reported to the Coordinator immediately by making a phone call or text message to the Boomerang Person number (704-266-6061).
6. If a ride is especially long, you are to frequently ask the claimant if they would like to stop to use the restroom.
